Ayush Maheshwari

Senior Solutions Architect, NVIDIA | Ph.D. [CSE, IIT Bombay] | Foundation Models

ayush.hakmn@gmail.com • ayushbits.github.io • Scholar • ayushx
ayushbits

Summary

Ph.D. in ML from CSE, IIT Bombay and Senior Solutions Architect at NVIDIA, working on foundation models, multilingual NLP, Indic LLMs, distributed training, and model evaluation. Previously led Indic LLM development from scratch at Vizzhy, including training on large accelerator cluster.

Skills

LLM Systems: Foundation Models, Distributed Training, LLM Pretraining, Post-training, Instruction Tuning, Model Adaptation, Inference Optimization and Model Deployment

NLP: Multilingual NLP, Low-Resource Languages, Neural Machine Translation, Weak Supervision, Semi-Supervised Learning

Programming Languages/Tools: Python, PyTorch, Megatron, Bash, SQL, NumPy, scikit-learn, C, C++, JavaScript

Experience

NVIDIA — **Gurugram, India**
Senior Solutions Architect, NVAITC — *Oct 2024 – Present*

- ◇ Working on foundation-model research across multilingual, domain-specific, and scientific AI problems, including data design, model adaptation, evaluation, and deployment on computing platforms.
- ◇ Collaborating with academic researchers, research organizations, and external AI teams on large-scale model development and scientific AI workloads.
- ◇ Reviewing large-scale training and inference setups, and debugging performance issues across data, model, compute, and serving layers.

Vizzhy Inc — **Bengaluru, India**
Lead Research Scientist, Language Model Team — *Sep 2023 – Sep 2024*

- ◇ Led a 5-member research team that built Indic large language models from scratch, covering data curation, tokenizer training, architecture choices, pretraining, post-training, and evaluation.
- ◇ Trained Indic LLMs on a 1,024 accelerator cluster, handling distributed training, experiment runs, checkpointing, failure recovery, throughput debugging, and model-quality analysis.

Additional Experience

Adobe Research — **Bengaluru, India**
Research Intern, Document Cloud Team — *May 2021 – Aug 2021*

NCETIS, IIT Bombay — **Mumbai, India**
Project Engineer — *May 2016 – Dec 2018*

Water & Climate Lab, IIT Gandhinagar — **Gandhinagar, India**
Junior Research Fellow — *May 2015 – Apr 2016*

Tata Consultancy Services — **Mumbai, India**
Systems Engineer — *Oct 2011 – Jun 2013*

Education

Indian Institute of Technology Bombay — **Mumbai, India**
Ph.D. in ML — *Jan 2019 – Aug 2023*
Impactful Research Award 2023' by IIT Bombay

Thesis: Knowledge Integration in NLP Models using Constraint Ingestion and Generation
Advisor: Prof. Ganesh Ramakrishnan

Tata Institute of Social Sciences — **Mumbai, India**
M.Sc. — *2013 – 2015*

University College of Engineering, Rajasthan Technical University — **Kota, India**
B.Tech., Computer Science and Engineering — *2007 – 2011*

Selected Publications
